Dear ROLS Member,

As we approach the end of the year 2026, and with the update of requirements for preparing the annual list of members authorized to practice the surveying profession, we hereby inform you of the following:

- The annual list to be published will be based on members who will have fully paid all contributions, including those for the year 2027, no later than **15/11/2026**, to enable the Association's leadership to fulfill their duties on time.
- All members are required to clear any outstanding contributions to the Association, including those for 2027, before the above-mentioned date. Failure to comply will result in exclusion from the list of members authorized to practice in the year 2027.
- Foreign nationals who are authorized to practice the surveying profession in their respective countries are also required to register with ROLS.
- Private companies practicing the surveying profession are required to register before the deadline indicated above.
